

TENTSILE T-mini

INSTRUCTION MANUAL

WARNING

RISK OF SERIOUS INJURY
MAXIMUM LOAD 220KG / 485lbs

Tentsile should only be set up as outlined in this Instruction Manual. Do not use walls, fences, street furniture, roof racks, or posts as anchor points. Do not use tensioning components other than those supplied with this product. Recommended set up height 1.2 meter (4 feet), from the ground. Check all components regularly and replace in case of any damage. Keep away from fire. Tentsile should not be used after the consumption of any intoxicating substances. Keep away from sharp or pointy objects. This includes clothing, bags, shoes and gear. Children must always be supervised by an adult. Do not attach to trees with a diameter of less than 40cm/ 15" or that show signs of structural weakness. Do not use during lightening storms or high winds. Do not adjust ratchets when tent is occupied. Do not use in areas of unstable ground. Do not anchor to small, dry or nearside branches. Tentsile does not offer full protection from all wild animals. Ensure ratchet buckles are in locked position when in use.

Maintenance

Your Tentsile should be kept in good working order by carrying out a regular maintenance. This includes: checking all straps and fabric for tears, scratches or seam degradation. Apply waterproofing spray to all external seams regularly. Do dry out Tentsile before packing away.

Returns and Warranty

You can return this product, unused within 4 weeks of purchase and expect a full refund or replacement. If a manufacturing defect occurs within 1 year of reasonable* use, the product can be returned for repair or exchange.

This warranty covers all manufacturing faults of the fabrics, parts and workmanship. This warranty covers the functionality of the product for its normal, intended use as specified in Tentsile's consumer literature, incl. website. It does not cover poles or malfunction of any component that has resulted from improper or unreasonable use or neglectful maintenance. This policy does not cover damage incurred by environmental conditions, weather conditions or misuse.

*no more than 3 months continuous use.
