STREAMLIGHT NIGHT COM® LED **C4 LED Technology / Night Vision Preservation FLASHLIGHT**

MARKET APPLICATIONS:	Automotive, Hardware/Tool, Industrial, Law Enforcement, Security, Sporting Goods, Consumer.		
DESCRIPTION:	The lithium powered Night Com combines Streamlight’s new C4 premium LED Technology and MIL STD LED Night Vision protection. Streamlight’s mode-select switch allows the user to choose from (3) Lighting options. This light features the C4 premium LED technology, 2 to 3 times the output of previously available power LEDs. The Night Com uses a night vision protection LED that meets or exceeds the requirements of MIL-1472D The third Night Com setting gives the user (2) Nichia Ultra-Bright red LEDs for use when true night vision preservation is not necessary. The user can also set the light on ‘safety’ mode. In this mode the light can not be turned on by mistake. In addition, the Dual Switch System features an engineered tailcap switch for Power On/Power Off and signal. The Night Com’s computer-milled knurling provides maximum grip with or without gloves. The light comes with batteries and a high-strength writ lanyard.		
CASE MATERIAL:	Corrosion resistant and O-ring sealed for all extreme weather operation. This light is manufactured using aircraft grade aluminum. The NIGHT COM is coated with Mil Spec Type II anodize for superior wear and abrasion resistance.
