**Tactical Tailor MALICE PACK KITS assemble almost exactly the same as traditional ALICE packs. Follow the instructions below to quickly and easily assemble your new pack.**

**Standard Issue LC-1 aluminum pack frame**

**Run SUPER BELT straps through metal loops at bottom of pack frame**

**Run SUPER BELT strap ends through corresponding buckles and cinch tight**

**Insert top of pack frame into pocket at top rear of MALICE PACK with attached SUPER BELT facing away from rear of pack**

**Run straps at bottom of MALICE PACK through holes in triangular braces at base of pack frame and cinch tight**

**MALICE PACK and SUPER BELT shown attached to pack frame**

**Run large loop end of SUPER STRAP through round hole at bottom of frame. Run entire SUPER STRAP through large loop and cinch tight**

**Run loose strap at top of SUPER STRAP through the opening where the MALICE PACK meets the pack frame. Be sure strap runs through metal loop on frame**

**Fully assembled MALICE PACK KIT**
